In Cat. **„Marktplazt“** – if user gives an ad to give for free “Zu verschenken” (pic 1), after filling up the form, comes the pic No. 2, after that when user wants to check the given ad (bottom button at the right hand side “Anzeigenübersicht”) Pic No. 3 comes on.

Here it is showing “Preis auf Anfrage”, which is wrong, instead of it should show “Zu verschenken”.

On the final page of ad (pic 4) it is correct.

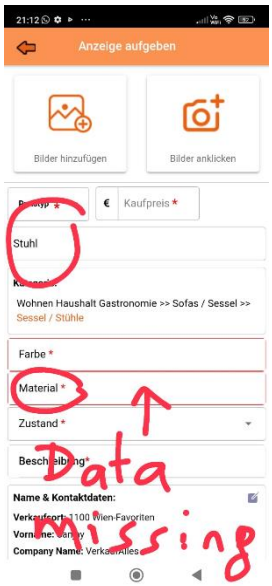
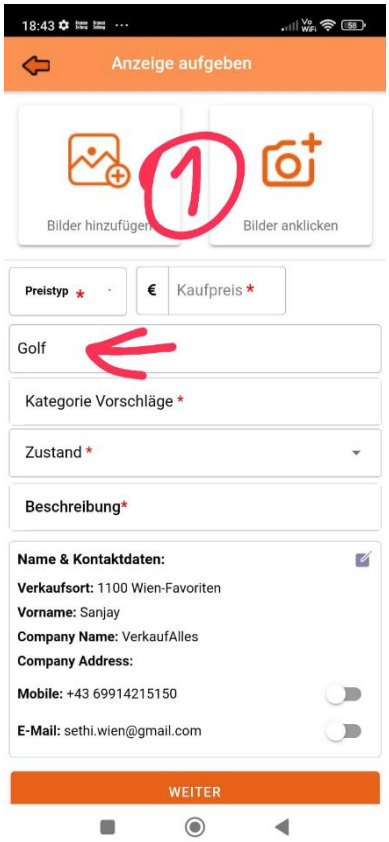
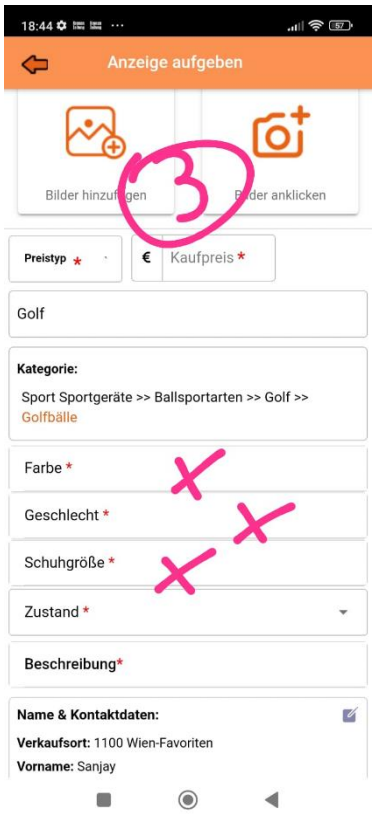
If user gives an ad for “Stuhl” – in the field of “Material” data is missing (Leder, Holz, Stoff, etc.)







If user gives an ad for Golf (pic 1) – choose from the suggestions (pic 2) “Golfbälle”, in the fill out form there are thee options (pic 3) “Farbe, Geschlecht, Schuhgröße” must be removed. And if the user chooses “Bekleidung” – then these options must remain there.
